# MORE SALES. LESS DATA ENTRY.

Now, there's a way with **Accent CRM Supercharger**. CRM data entry is automated, delivering powerful visualizations and actionable insights. Your team can put more effort into sales and less into manual entry. All with no extra effort. **Do less. Sell more.**

The advertisement features a central photograph of a man in a light pink shirt and red tie, smiling and shaking hands. This photo is framed by a collage of colorful squares in shades of orange, blue, green, and lime green. Surrounding the photo are four hexagonal icons: a laptop with a signal wave, a bar chart, a handshake, and a hand holding a pen. To the right of the photo, the text "LESS TYPING" and "MORE CLOSING" is displayed in large, bold, blue capital letters. Below this, a small image of a computer monitor and a smartphone shows the Accent CRM interface. To the right of these images, the following text is written: "Getting sales reps to enter crucial bu", "Now, there's a way to win the war. Accent", "CRM data entry and delivers powerful vis", "Your team can put more effort into sales.", and "With no extra effort. No change in behav".
